

CAROLINA UNITED

Queen City Stars & Carolina Fever

Coming Fall 2019

WHAT IS CAROLINA UNITED?

North Carolina's Leading Players

Carolina United is a joint effort between North Carolina's top girls' lacrosse programs: Queen City Stars (Charlotte) and Carolina Fever (Raleigh/Durham) to identify rising juniors and rising sophomores from these programs to represent their clubs as well as the state at one event each fall and one event each summer.

Carolina United is an opportunity for representatives from the state's top club programs to compete at a nationally recognized recruiting event each season and help promote the brand of North Carolina lacrosse.

Carolina United is not a separate club team or program and does not offer separate club services.

WHY PLAY CAROLINA UNITED?

Club Pride, State Recognition

Carolina United players will participate in one event in the fall and one event in the summer - neither of which will overlap with Carolina Fever or Queen City Stars season schedules. As tournaments get harder and harder to enter (more teams, fewer spots), Carolina United affords North Carolina's leading players from these two top programs a chance to play in one coveted event each season while also offering the opportunity to showcase lacrosse at our state's level.

Carolina United rosters will be selected each season with an eye towards player interest, position balance, and competitiveness. Our aim is to showcase North Carolina talent.

FALL 2019

Fall Season Information

Carolina Fever and Queen City Stars 2021 and 2022 players must indicate interest in participation by emailing their respective coaches. Players selected will owe a fee covering the event.

Coaches from both clubs will select rosters each season (summer/fall) of 18-20 players for each team. 2023s will be added for summer 2020.

Representatives from both programs (Katy O'Mara, Kristy Boyles) will coach the Carolina United teams at events.

Your Carolina United Leadership: Catherine LeBlanc, Katy O'Mara, Kristy Boyles
